SHIPPING DIRECTIONS—We respectfully beg our patrons to furnish us with explicit directions as to shipping and the mode of conveyance by which they wish their stock forwarded. When no particular directions are given, we forward according to our best judgement, but in no case do we assume any responsibility as to safe delivery and condition of trees and plants after proper shipment by us.

GUARANTEE OF GENUINENESS—While we exercise the greatest diligence and care to have all our trees, etc., true to label and hold ourselves in readiness on proper proof, to replace all trees, etc., that may prove untrue to label free of charge or refund the amount paid, it is mutually understood and agreed to between the purchasers and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that may prove untrue.

ACCEPTANCE—Notice should be sent us by telegraph, at our expense, if there is any cause for complaint or should trees, etc., be refused, stating reason, **CLAIMS FOR DEDUCTIONS FROM WHATEVER CAUSE WILL RECEIVE CONSIDERATION ONLY WHEN MADE PROMPTLY UPON RECEIPT OF STOCK.** If trees show any signs of shriveling upon arrival they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. The box should be placed in the cellar or considered as evidence of bad condition, as we pack to secure the stock against damage if frost is allowed to come out the natural way. Goods will be considered accepted if removed from the boxes in which they are packed without notice of complaint to us and without our orders for their disposition.

CAUTION—We accept all orders subject to our crop conditions and also upon the conditions that they shall be void should injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.
